

HomeConnect™

MEDICAL ALERT SYSTEM

- ✓ Help at Your Fingertips
- ✓ 24/7 Medical Monitoring
- ✓ A Proven Home Safety System

A Life-Saving Link for Independent Living As Easy as 1-2-3

1

When you need help, press your personal activator.

2

The two-way voice console unit dials the Response Center.

3

Center professionals will speak with you over the console to get the help you need.

The reassurance you need to live safely at home.

When seconds count, HomeConnect™ can make a vital difference. Access to our Emergency Response Team with one touch gets you the help you need, when you need it.

"When I fell, I was unable to get to the phone. Thankfully I was wearing my

HomeConnect activator. With one push of a button, they accessed my file, called an ambulance **and** also called my daughter!"

*You or your loved one can
live confidently and independently
at home for less than \$1 per day.*
