

Grand Arbor by Knute Nelson

Enhanced Assisted Living Respite Suite

A new short-term living option is now available!

The respite suite is a furnished apartment on The Meadows, our Enhanced Assisted Living household. The Meadows provides skilled care in a household setting. This suite is intended to serve those who need a short-term stay. Examples of people who may benefit from a short-term stay at Grand Arbor are: post-surgery care, current residents who plan to transition back to their apartment after a health set-back, individuals who don't qualify for a Medicare Part A skilled care stay, caregiver relief and hospice. This suite may also benefit someone who needs care, but doesn't have the time to furnish an apartment.
